## Apra Dive Marine Sports

Looking for something different and exciting to do while at the beach? Test your skills on one of the newest aquatic sporting equipment: Flyboard! Created in 2012, the flyboard is a personal “jet pack” mounted at the bottom of your feet and connected to a 55’ hose. This allows you to “fly” above the water like a superheroine or villain. You can also explore your dexterity on a wakeboard while being pulled behind a boat. Skim across the water or attempt basic acrobatic skills for a quick, but safe adrenaline rush.
